CD-ROM

Maintenance Sheet

Telephone Line Cord

⚠ **WARNING**
Plastic bags are used in the packing of your machine. Plastic bags are not toys. To avoid the danger of suffocation, keep these bags away from babies and children, and dispose of them correctly.

NOTE
Manuals in Spanish for this model are available on the enclosed CD-ROM.
Manuales en Español para este modelo están disponibles en el CD-ROM incluido.
Most of the illustrations in this Quick Setup Guide show the MFC-J5720DW.
- Save all packing materials and the box in case for any reason you must ship your machine.
- You must purchase the correct interface cable for the interface you want to use (for USB or network connection).
USB cable
We recommend using a USB 2.0 cable (Type A/B) that is no more than 6 feet (2 meters) long.

Network cable
Use a straight-through Category5 (or greater) twisted-pair cable for 10BASE-T or 100BASE-TX Fast Ethernet Network.
---

1 Load plain Letter/A4 paper

Pull the paper tray completely out of the machine.

Do not exceed this mark (▲▲▲).

Adjust the paper guides.
Fan the paper well and load it in the tray.

Pull out the paper support ❶, and unfold the paper support flap ❷.

---

2 Connect power cord and telephone line cord

If you are not using your machine as a fax, connect the power cord and go to **3**.

Connect the power cord.
Lift the scanner cover.

Connect the telephone line cord.
Use the jack marked **LINE** and guide the cord out the back of the machine.

NOTE
If you are sharing one telephone line with an external telephone, connect it as shown below. Before you connect the external telephone, remove the white protective cap ❸ from the **EXT.** jack of the machine.
❶. Extension telephone
❷. External telephone
❸. Protective cap

Close the scanner cover.
---

3 Install starter ink cartridges

Open the ink cartridge cover ❶.

Follow the Touchscreen instructions to install the ink cartridges.
The machine will prepare the ink tube system for printing.

NOTE
You can adjust the angle of the control panel by lifting it.

---

4 Machine Settings

When the machine has finished the initial cleaning process, follow the Touchscreen instructions to configure the machine settings.
- Check print quality
- Set date and time
- Set tray settings
- View operation tips
- Print the installation sheet

---

5 Choose your language (if needed)

1. Press `⚙`.
2. Press `All Settings`.
3. Swipe up or down, or press ▲ or ▼ to display `Initial Setup`. Press `Initial Setup`.
4. Swipe up or down, or press ▲ or ▼ to display `Local Language`. Press `Local Language`.
5. Press your language.
6. Press `🏠`.

---

6 Choose the correct Receive Mode

If you are not using your machine as a fax, go to **8**.

The correct Receive Mode is determined by the external devices and telephone subscriber services (Voice Mail, Distinctive Ring, etc.) you will be using on the same line as the Brother machine.
For more information, see *Receive Modes overview* in *chapter 10* of the *Basic User's Guide*.

1. Press `⚙`.
2. Press `All Settings`.
3. Press `Fax`.
4. Press `Setup Receive`.
5. Press `Receive Mode`.
6. Press your preferred Receive Mode.
7. Press `🏠`.

---

7 Set your Station ID

If you are not using your machine as a fax, go to **8**.

Store your name and fax number so the machine prints it on all outgoing fax pages.
For more information, see *Entering Text* in *chapter 1* of the *Basic User's Guide*.

1. Press `⚙`.
2. Press `All Settings`.
3. Swipe up or down, or press ▲ or ▼ to display `Initial Setup`. Press `Initial Setup`.
4. Press `Station ID`.
5. Press `Fax`.
6. Enter your fax number (up to 20 digits) on the Touchscreen, and then press `OK`.
7. Press `Name`.
8. Enter your name (up to 20 characters) using the Touchscreen, and then press `OK`.
9. Press `🏠`.

8 Choose your method

9 Connect to your device and install software

For Wireless Networks

To connect additional computers, repeat Method A for each computer.

Method A Setup from the computer

Make sure that you are logged on with Administrator rights.

Download

Put the CD-ROM into your CD-ROM drive. If you do not have a CD-ROM drive, download the software at:
For Windows®: solutions.brother.com/windows
For Macintosh: solutions.brother.com/mac

Windows®　**Macintosh**

Follow the on-screen instructions to continue installation.

A USB cable may be needed in some cases.

Finish

Method B Manual setup using the Setup Wizard

■ Set up your machine

1. Write your wireless access point/router information in the area below. This information may be hidden on the bottom of the wireless access point/router. If you cannot find it, ask your network administrator or wireless access point/router manufacturer.

SSID (Network Name)	
Network Key (Password)	

2. Press **WiFi** on your Brother machine's Touchscreen, and then press `Setup Wizard`. When `Switch Network interface to wireless?` is displayed, press `Yes`.

3. Select the SSID you wrote down in **1**. Press `OK`.

4. If the machine prompts you to enter a Network Key, enter the key you wrote down in **1**. Press `OK`.

5. Press `Yes` to apply your settings.
■ Install Brother iPrint&Scan

You can print from and scan to mobile devices using our free application "Brother iPrint&Scan."
Download and install the application from solutions.brother.com/ips.

Finish

■ Install MFL-Pro Suite

Make sure that you are logged on with Administrator rights.

Download

Put the CD-ROM into your CD-ROM drive. If you do not have a CD-ROM drive, download the software at:
